

# Asansol Club Limited

Asansol, West Bengal

**Box cricket & futsal setup at a renowned club in the coalfield belt**

**Date of project completion:** August, 2023

**Surface:** TigerTurf XP Pro 40 (futsal), TigerTurf Premier (cricket)

**Base construction:** Dynamic base for futsal & plain cement concrete base for cricket (both surfaces made flush to avoid any trip hazard)

Asansol Club Limited was established in 1919 in the coalfield belt of West Bengal. The club, which is now 105 years old, has members cutting across all age groups. Renowned for its sporting culture, the club boasts multiple playing facilities such as tennis, badminton, billiards and snooker and even swimming.

The club wanted a one-stop solution for two of the most popular games in Bengal, nay the country, cricket and football. Built over a crushed rock base, ideal for the game, we used our unique turf for futsal – XP Pro 40. This product is designed for high usage areas and provides excellent playability consistently and non-stop. This system utilises our patented TenCate XP Blade+ yarn, which is the only yarn in the world sold with an unlimited play durability warranty and remains all footwear friendly. The fibrillated fibres encapsulate the infill in such a manner that there is negligible infill splash, thus making it extremely maintenance friendly and, at the same time.

It mimics natural grass in feel without the need for watering or mowing. Furthermore, its heat resistant formulation ensures that it stays cooler than all other conventional yarns for it uses our special TigerCool technology.

For the cricket pitch, we installed our TigerTurf Premier on a concrete base. This cricket turf is manufactured specifically for use on cricket pitches and is installed for a wide range of playing situations – for match play, in the nets or indoor training facilities. This product is hard wearing and extremely durable and supports both spin and bounce. Apart from the surface installation our team was also involved in base construction, netting, fencing and lighting works thus providing the client with a seamless experience.

We owe to this august institution, its members and our love of the sport.
