**Date of project completion:** November, 2023

**Surface:** TigerTurf XP Pro 40

**Base construction:** Dynamic stone base

Taktse International School, a not-for-profit coeducational institution, offers both residential and day boarding facilities. Established in 2006 with initially just 17 students, the school is nestled in the Indian Himalayas near Gangtok, Sikkim. It is situated on a hilltop donated by the son of the last King of Sikkim, providing a full view of the local protective deity, Mount Kanchendzonga. At Taktse International School, students are encouraged to balance the complexities of the external world with a rich inner life. The school fosters independent and innovative thinkers who are confident, articulate and above all, compassionate and ethical leaders. In this august institution, we installed our unique TigerTurf XP Pro 40, a product that is designed for high-usage areas while providing excellent playability across age groups. Utilizing our patented TenCate XP Blade+ yarn, the only yarn in the world sold with an unlimited play durability warranty, this turf is also all footwear friendly.

Our XP Pro product also features TigerCool technology, which successfully reduces turf temperatures by 15% and up to 10 degrees Celsius! To say it all, this turf has great playability, superior durability, excellent tuft bind, better resilience, and much better looks while effectively holding infill. TigerTurf XP – the perfect choice.

At Altius Sports, we help you with design, product selection, construction, installation and even maintenance. From your lighting needs to your accessories, our in-house team has you covered. All for the love of the sport.
