

Modern School, Vasant Vihar

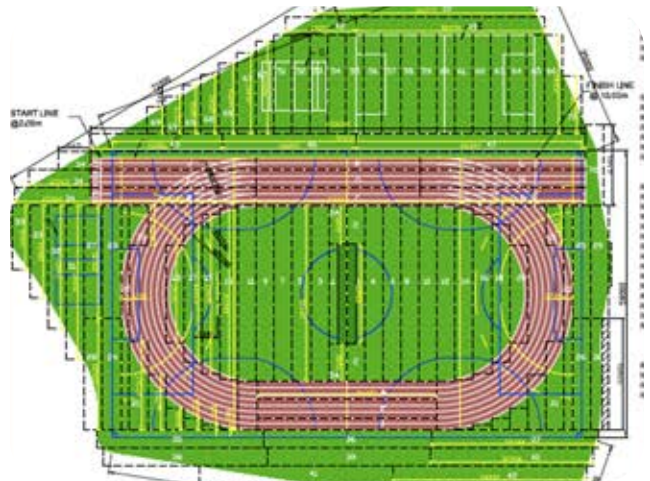

New Delhi, India

Complete design, construct and install of 1,00,000 square feet artificial multi sports playground amongst the largest in India.

Date of Project Completion: July 2015

Surface: Trophy- ITF 5 and FIH National (with shockpad)

Base Construction: Dynamic

TigerTurf-Altius have exemplified and upheld the vision of the school and have raised the bar of the school even higher", said the school principal, Ms. Meenakshi Sahni on the inauguration of this grand facility.

The management of Modern School, Vasant Vihar wanted a multi sports playground that would transform the present uninspiring field into a versatile and colourful multi-sport all-weather playing area.

Altius came up with a durable multi sports surface- Trophy that is a hard-wearing of medium-pile and even performs well in extreme weather conditions. Tested to FIH National

standards and certified ITF Fast, the surface is budget-friendly and can accommodate a host of games and activities.

The students now enjoy playing cricket, football, hockey, kabbadi and volleyball and with defined colour turf and tufted line markings, it is safe, secure and what we call L.I.F.E- Learning In Fun Environments.

The build and installation had its share of difficulties due to the huge size but through careful project management and long hours of work by the Altius installers, we were able to deliver a world-class installation on time and in budget.
